Ambassador, Magic of Change

Who is Nagaraj, according to you?

I am an Independent Professional Trader, previously the AVP and Head of Quality at a leading MNC in software. A sports enthusiast with a passion for mentoring and motivating others to reach their full potential.

A character, you are most like. why?

Reflecting on my life, I resonate with characters like Rajesh Khanna from Avatar (1983), Chiranjeevi from Daddy (Telugu), Prakash Raj from Naanu Nanna Kanasu (Kannada), and Aamir Khan from Dangal - all of whom embody resilience, leadership, and emotional strength, qualities I strive to embody in my personal and professional life. →

My Mantra

"The biggest risk in life is not taking risks."

Life is short, and it's important to embrace opportunities, explore new experiences, and make the most of every moment. Trying different things and enjoying the journey is what makes life truly fulfilling.

What is Magic of Change to you?

The Magic of Change is an incredible community where tribe members support, assist, and uplift each other. It's a space filled with positivity, learning, and motivation - a peaceful haven where growth is nurtured in a safe and encouraging environment.

Any Aha moments?!?

It's hard to sum up such transformative moments in a few lines, but here are a few highlights:

- 17 years of smoking vanished in 17 minutes (maybe even less!);
- Lifelong cat phobia disappeared like a breeze;

- A reserved 16-year-old turned into a joyful 5-year-old with unstoppable energy,
- A National Mallakhamb player confidently delivering a speech in English.
- Transitioning from never able to say "No" to being at ease with politely declining.

Personally, The art therapy done by Jyothi Sharma at Manifest was an eye opener to me. It allowed me to not only identify unresourceful thoughts but I was able to channelise my energies into a smaller list which enabled me to take actions.

I was the **FIRST** participant to walk on **FIRE** during the **FIRE** Walk. The adventurous child within me took over and successfully completed the fire walk, which I repeated 3 more times.

Loved that moment. Truly Aha!!!!

Your message to ones who are yet to experience the "Magic" of Magic of Change

As I mentioned, "The biggest risk in life is not taking risks." Stop viewing this as a cost - it's an investment that will yield returns many times over.

Imagine yourself as Usain Bolt, but with the weight of self-doubt on your shoulders.

Once you shed those burdens, you'll be unstoppable. Don't miss out - it's time to embrace change and say, "Catch me if you can!"
